

BRENDAN NGWA NFORBI

Vehicle Data Collection Specialist

(209) 801-4442 | bnn.cdl@gmail.com | Milpitas, CA

PROFESSIONAL SUMMARY

Reliable professional driver with 4+ years operating sensor, mapping, and delivery fleets across the Bay Area, now targeting a Vehicle Data Collection Specialist role. Drives assigned collection routes in manual and supervised modes with strict safety and operational procedures, monitors onboard data and navigation systems, and captures clean, complete real-world data. Gives detailed, accurate feedback to engineers, troubleshoots in real time with dispatch to hit mileage targets, and runs daily pre- and post-mission inspections with basic vehicle care. Strong with laptops, tablets, smartphones, and Slack-style tools. Holds a current California license with 3+ years US licensure, a clean record, and can pass background and drug tests. Fluent in English, punctual, and flexible on schedules. Able to sit up to 8 hours, bend and lift 25 lbs, and ride through abrupt braking.

CORE COMPETENCIES

Assigned Collection Routes ■ Manual & Supervised Driving ■ Sensor & Nav System Monitoring
Clean Data Capture ■ Detailed Engineer Feedback ■ Real-Time Troubleshooting & Dispatch
Pre/Post-Mission Inspections ■ Basic Vehicle Care ■ Laptops, Tablets & Smartphones
Time Management & Independence ■ Fluent English Communication

PROFESSIONAL EXPERIENCE

Mapping Fleet Driver

Sep 2023 ■ Present

Apple Maps Operations, Sunnyvale, CA

- Drive assigned sensor-collection routes with constant situational awareness and safety-first procedures
- Monitor onboard data and navigation systems for clean, complete captures across diverse traffic
- Send detailed, accurate daily feedback to engineers and troubleshoot with dispatch to hit targets
- Complete pre- and post-mission inspections plus basic care including washing and tire air

Street Data Driver

Aug 2022 ■ Aug 2023

Google Street View Ops, Mountain View, CA

- Ran mapped loops with roof and onboard sensors while logging events on laptops and tablets
- Coordinated over dispatch chat for reroutes, holds, and quality re-drives
- Answered general public questions professionally while protecting test protocols

Route & Delivery Driver

Jan 2022 ■ Jul 2022

OnTrac, Fremont, CA

- Completed high-stop commercial routes with GPS, scanning, and proof-of-delivery paperwork
- Held DVIR discipline with clean logs, inspections, and strong attendance
- Stayed calm and resourceful under pressure in changing daily conditions

CERTIFICATIONS
